EASTERN
MONTANA COLLEGE

FROM THE PRESIDENT:

What an exciting summer. The 1984 Olympics were an incredible panorama of physical education, recreation and dance, all highlighting the importance of maintaining a healthy body and mind. We saw the results but the stories that go with them are going to trickle down for months. Thus our 1984 MAHPERD Convention has the theme "GO FOR THE GOLD - GO FOR HEALTH". We have finally all realized that our business is creating a lifetime of good health and it begins with the very young. We develop physical fitness for our health; we promote athletics for the physical and psychological health of the person; we dance for the aesthetics, for spiritual and physical health and we recreate for our mental and physical health. We are all in it together and so our Convention this year is dedicated to the objective of using our tools in the classroom to create a quality life for the ones we teach.

We have some outstanding speakers coming to share their background. Let me mention a few: Marshall Kreuter, Director of our Nation wide Health Promotion program; Jacque Berning, Olympic Nutrition Consultant and Dawn Graff-Haight, Oregon State Health and Wellness educator.

The 1984 Convention has been linked to 3 other activities. The Wednesday prior to Convention will start with a computer seminar for health educators, physical educators and coaches. It will be a 1/2 day affair with hands on activities in the EMC Computer Lab. Then for the very first time we have joined hands with the Montana Dance Association. Their convention will run simultaneously with ours and will continue at EMC

Friday night, Saturday and Sunday as well. Then!!! Following our Convention there will be The Annual EMC Basketball Clinic, which will be Saturday and Sunday, October 20th and 21st, in the EMC gymnasium. Headliners include: Gordie James, Lake Oswego Oregon, who leads up the Portland Trailblazers summer camp; Steve Sagadelli, Seattle; Bruce Leib, Denver; Ernie Wheeler, San Luis Obispo; and Bill Mulligan, Irvine, California.

There are some other highlights I would like to mention. Spence is going to tell us about the best P.R. tool for physical educators and kids in this country. It's the Campbell Soup Fitness Gram. It will be available to all of us.

We will have the world premier of 2 new cinema extravagangas: Eileen Solberg, the N.W. District Physical Educator of the year in a film on physical management and a film for developing jump rope demonstration teams in your community starring Jim Gomendi and The Beartooth Bouncing Bears. We have expectations of the largest MAHPERD Convention yet and for a kicker we are giving away a free weekend at the Sheraton in Billings for two people. You must be present to win.

Your Convention packets will have some outstanding material to help promote physical education in your community. It describes extremely well our role in the "Back to Basics Movement". It is the MAHPERD Fitness for Living booklet.

Come to the 1984 MAHPERD Convention and get your share of the gold. It will be a really rejuvenating experience.

Glenn Iverson
MAHPERD President

MESSAGE FROM THE STATE SUPERVISOR

Well, the summer is over and it's back to the grind for another year. If your summer was as hectic as mine, it was busy and went by fast...too fast! I spent five days in Washington, D.C. at the AAHPERD President-Elects Meeting representing our president-elect, Joel Meier, who had a prior commitment. Then I spent a week at Seaside, Oregon, where Eileen Solberg and I presented two sessions on Physical Management for the Seaside Health Promotion Conference. We then came back and did a one-week Physical Management Workshop at Western Montana College. From there it was on to four weeks of Outdoor Education Workshops at Birch Creek Camp in the beautiful Pioneer Mountains out of Dillon. No wonder the summer went so fast!

There are also some exciting things to look forward to this year, starting with the MAHPERD State Convention in Billings, October 18 and 19. President Glenn Iverson and his Executive Board have worked hard this year to provide another fantastic inservice opportunity. More information on the Convention is included in this Journal so make plans NOW to attend. In March, the Northwest District AHPERD Convention will be held in Boise, Idaho, and we don't get the opportunity too often to have the Convention this close to home. Plans are being made now to charter two buses (one leaving from Billings and one from Helena) to make the trip. More information on this will be available at the State Convention and in later mailings. The last convention of the year is the AAHPERD National Convention in Atlanta, April 17-21, and is the centennial celebration of AAHPERD which promises to be an especially good time "down South."

This year is an election year and a legislative year, which means that important concerns facing education and health and physical education may become focal points of the legislature and the State Board of Public Education. MAHPERD has a legislative committee formed to stay abreast of issues of concern to its membership. The only way MAHPERD becomes a political force is through its membership. MAHPERD is strong now but needs your membership to continue being a voice for you. Also, the only way to get important information to you concerning issues that may affect your job is through our Association membership. Please fill out and return the enclosed membership form if you cannot attend the Convention.

I would like to congratulate Eileen Solberg for her Physical Management program which became Montana's first nationally validated physical education program and is now a part of the National Diffusion Network's Programs That Work. Eileen learned last May that she received national funding and is now Project Director for Physical Management. If you're interested in learning more about a physical education program for overweight students, contact her in Billings. By the way, Eileen was last year's Montana and Northwest District Physical Education Teacher of the Year!

Best wishes for a happy and successful school year.

Spencer Sartorius
Health & Physical Education Supervisor

CANDIDATES FOR MAHPERD BOARD

This year, the MAHPERD Nominating Committee has decided to select one candidate for each office up for election. Nominations will still be accepted from the floor and the election will be held during the convention in Billings. Candidates will be introduced at the convention and a display of their pictures and resumes will be available in the lobby. The nominees are:

FOR PRESIDENT-ELECT: Cissy Filcher.....an Elementary Physical Educator at Stevensville. Cissy was an elementary specialist in Missoula, has been active as an officer in MAHPERD, is currently on the Mission Possible Task Force and has been a speaker on promoting physical education in the community.

FOR CHAIRPERSON FOR PHYSICAL EDUCATION: Eileen Solberg.....Project Director of Physical Management. Eileen was a physical educator at Great Falls High School, is active in MAHPERD, is a workshop consultant in physical education, is a member of the Montana Health and Physical Education Task Force and the Director of Montana's first NDN Nationally Validated Physical Education Project.

FOR CHAIRPERSON FOR HEALTH: Bob Moon.....is the Health Education Specialist for the Department of Health and Environmental Sciences in Helena. Bob has been involved in health education workshops, inservice for teachers, health promotion and developed the last health curriculum guide for Montana.

FOR CHAIRPERSON FOR RECREATION: Carol Conkell.....is an Elementary Physical Educator in Missoula. Carol taught in Butte and Dillon prior to Missoula and has recreation experience through instructing at YMCA's, Recreation Departments, Girl Scout Camps and was Field Director for the Helena YMCA this past summer.

MSU VIDEO SERIES

Montana State University, in cooperation with the Office of Public Instruction and the MSU Film and TV Department, is preparing a series of video tapes dealing with elementary physical education. The tapes are designed as an inservice type program for classroom teachers doing their own physical education or the physical education specialist. To date, three tapes are completed; Motor Development, Inexpensive Equipment for Schools, and Activities for Inexpensive Equipment. Each tape runs 20-30 minutes and uses grade school kids to demonstrate activities. Dr. Jim Phillips is in charge of the project and hopes to develop a series of about 15-20 tapes dealing with a wide variety of activities.

MSU MALL DEMONSTRATION

For the past several years Bozeman has been the site of a Physical Education Mall Demonstration Extravaganza. Under the guiding direction of Dr. Gary Evans and his MSU physical education major's class, the demonstration has included participation from the college, Bozeman School District, athletic department and related local groups. It has resulted in positive community relations, a learning experience for the MSU students, a good relationship with the mall businesses and fun for the kids. If you are thinking about a mall demonstration in your community and looking for advice - call Gary.

1984 MAHPERD Convention

Keynote Speakers

Dr. Marshall Kreuter is director for the Division of Health Education, Center for Health Promotion and Education, Centers for Disease Control, Atlanta, Georgia. He has spoken at meetings, conventions and seminars all across the United States. He is a dynamic speaker who conveys the national health education status and shows how all of us can be health educators even though we teach different subjects.

Jacque Berning is a nutrition educator and consultant for the Denver Broncos, the U.S. Olympic Team and the U.S. National Swimming Team. Sue has presented in Wyoming, Colorado, the U.S. Olympic Training Center and at the Genessee Valley Sports Medicine Clinic in New York.

Gordie James, basketball coach at Lakeridge High school, Oswego, Oregon, is president of the Oregon Coaches Assocation and Director of Jack Ramsey's Portland Trailblazer Basketball Camp.

Dr. Dawn Braff-Haight from Oregon State University is a specialist in classroom health instructional aids and has assisted in the development, planning and hosting of the Seaside Health Promotion Conference, Seaside, Oregon.

Also from Montana:

Dr. Harold Alterowitz, EMC
Dr. Gary Nygaard, U of M
Dr. Sharon Dinkel, U of M
Peggy Pederson, MSU
Nancy Jones, RMC
Nancy Colton, MSU
Bob Docktor, Helena High School
Gary Dalton, Helena High School
Dr. Bob Grueninger, EMC
Sharon Yeagle, CGF
Kay Van Norman, MSU
. . . and others

Plus Montana's 1984 Olympic Gold Medalist—Pat Spurgin, Billings

OTHER ATTRACTIONS

1. COMPUTER SEMINAR - Wednesday, October 17

   This will be a ½ day hands-on seminar in the Eastern Montana Computer Lab. It is designed for health and physical educators and coaches. If you are interested in incorporating the computer into your program or extracurricular activities, this would be a good session to attend.

2. MONTANA DANCE ASSOCIATION CONVENTION

   This convention will run simultaneously with the MAHPERD Convention and will also be at Eastern Montana College.

3. ANNUAL EASTERN MONTANA COLLEGE BASKETBALL CLINIC - October 20-21

   The clinic will follow the MAHPERD Convention and will feature such outstanding clinicians as Gordie James, Oregon, Steve Sagadelli, Seattle, Bruce Leib, Denver, Ernie Wheeler, San Luis Obispo and Bill Mulligan, Irvine, California.

4. PGA GOLF WORKSHOP

   The Professional Golfers Association, in cooperation with AAHPERD, is co-sponsoring a one-day golf workshop in conjunction with the MAHPERD Convention. This will appeal to physical education teachers as well as coaches and will deal with individual and group instruction techniques. This workshop will be conducted all day Friday (see program).

What Is The American Alliance?

The American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD) is a non-profit association representing professionals in:

- physical education
- sports and athletics
- health and safety education
- recreation and leisure
- dance

More than 42,000 teachers, administrators, researchers, coaches, students and others belong to the American Alliance. Founded in 1885, the American Alliance continues its mission to improve our country's programs in these fields...in schools and communities nationwide...to improve the American quality of life.

From its national headquarters near Washington, D.C., the American Alliance provides a strong national voice for its members on legislative issues...and keeps its members and the public aware of legislative development at the local, state and federal level.

What Are The Objectives Of The American Alliance?

- To provide members with opportunities and materials for professional growth and keep them current on the latest issues, trends, technologies and legislative developments.
- To improve professional standards and performance.
- To support and disseminate outstanding research.
- To speak with a stronger, unified voice on common issues.
- To increase public understanding of the contributions to American life made by our professions.

An Alliance For Your Professional Growth

The American Alliance provides you with important professional benefits including:

Award-winning journals

The Journal of Physical Education, Recreation and Dance — Nine times each year, this award-winning journal brings you outstanding articles on current issues and new methods, trends and materials. Regular features include book reviews, the latest in products, news updates, and information on association events.

Health Education — six times each year, features authoritative articles for elementary through college level educators, working both in the schools and in the community.

Research Quarterly of Exercise and Sport — a valuable resource for research oriented professionals in physical education, athletics and sports. Reports on new and original research, reviews new literature and offers descriptions of new technology and methods. Four issues per year.

Update

This monthly newspaper keeps you up to date on the latest legislative and association developments...the news in your field...and offers you book reviews, new job openings in your field, and notice of upcoming events.

Conventions and Conferences

National and district conventions, plus regional state and local conferences provide ideal opportunities for you to make contact with your colleagues...hear outstanding speakers...see the latest in materials and methods.

Association Membership

You select membership in one or two associations of the American Alliance...you'll receive literature and invitations to attend events specifically targeted to your interests and area of responsibility.

Representation in Washington, D.C.

Your national headquarters works for you on issues of professional concern; speaking with a strong voice for improved programs in physical education, sports and athletics, health and safety education, leisure and recreation, and dance. And, the American Alliance keeps you informed on legislative happenings through Update and your journals.

Professional Publications and Audiovisuals

More than 400 titles...some of the best literature in the field...available to you at low Alliance prices.

Group Insurance Plans

Optional, low cost professional liability, life insurance, disability, and supplemental medical payment plan...available only to members.

Job Placement Service

Available year round to American Alliance members. A placement booth at the national convention enables job seekers to make contact with potential employers.

Consultant Service

Headquarters staff specialists offer assistance to Alliance members on a number of professional concerns including curriculum, programs, administration, facilities, equipment, organization, leadership and public relations.

Leadership Opportunities

You can participate in the decision making on the local, state or national level. Get active in the future of your profession.

And More

Like travel plans, loan-by-mail, and discounts on car rental.

What is MAHPERD?

MAHPERD is an association of Montana teachers, administrators, coaches and students involved in health education, physical education, recreation, dance, athletics, intramurals, adapted programs and related areas.

Who joins MAHPERD?

Elementary, secondary and university teachers and administrators join MAHPERD as well as community recreation and dance personnel.

How is MAHPERD organized?

MAHPERD is headed by a President, elected annually, and an Executive Board made up of and elected by its membership. MAHPERD's strength is in its membership and in the strong leadership its members provide.

When does MAHPERD meet?

MAHPERD meets in conjunction with its annual state convention in the fall. The state convention provides the very best possible workshop sessions available in Montana. The Executive Board meets periodically at other times during the year to carry on association business.

Why join MAHPERD?

—Hosts Annual State Convention

—Sponsors workshops for teachers

—Prints and distributes **MAHPERD Journal**

—Sponsors annual "Jump Rope for Heart" with Montana Heart Association

—Presents Honor Awards to outstanding members

—Presents service awards to organizations making contributions to the profession

—Gives members a unified voice and representation

—Provides a method of communication statewide

—Provides teachers and schools with promotional ideas and information for health and physical education

—Promotes Montana Physical Education and Sports Week

—Coordinates activities between the national association, northwest district and the state

—Represents membership in educational matters involving the state Legislature and State Board of Education

Montana Association for Health, Physical Education, Recreation and Dance
